## Goldline Salt Generators

No more mixing, measuring and messing around with liquid or tablet chlorine again. Now you can automatically turn ordinary salt into a self-regenerating supply of pure chlorine for both pool and spa water that's clean, clear and luxuriously soft. Electronic chlorination has become the simple, safe and affordable alternative to using harsh, chemically-produced chlorine to sanitize pools and spas. No chlorine odor, low operating costs, pays for itself, and is virtually maintenance free—electronic chlorination is the ideal alternative to traditional factory produced chlorine for soft, silky-smooth water.

## Use the Sun to YOUR Advantage with Solar Power!

## Nature2 Purification Systems

Using a Nature2 purifier means you can significantly reduce harsh chemicals like chlorine from your pool. With continuous use, your pool will have less suspended matter and a more consistent pH balance. It works just as effectively as chlorine in trapping and killing bacteria, but is unaffected by hot weather. It works automatically with your existing filtration system and requires no electricity.

### Nature2® Express

Inground 2" and aboveground 1-1/2" Units

Complete with cartridge **\$151.99**

**Replacement Cartridge Only** for pools 25,000-30,000 gallons

### Pro-G Plus

The Pro G Plus is the ultimate low-chlorine alternative for sanitizing in-ground pools. Its revolutionary combination of Nature2 mineral technology and an automatic chlorine feeder allows you to spend more time enjoying your pool and less time maintaining it. The Nature2 mineral technology sanitizes with reduced chlorine requirements, while the chlorine tab feeder automatically feeds the precise amount of chemical needed.

**\$439.00 plus cartridge** (cartridges available up to 35,000 gallons)

**LOW PRICE GUARANTEE!**

**Spend more time enjoying your pool and less time maintaining it with Nature2!**

## Frog Mineral Purification Systems

No daily dosing of chlorine and prefilled pacs eliminate fumes from chlorine buckets.

Frog reduces red eyes, fading and harsh chemical damage by replacing a portion of your normal sanitizer with clean and pure minerals. Ask for it by name!

## Make Winter OBSOLETE with your own HEATER or HEAT PUMP!

A gas heater or heat pump will enable you to get the maximum value out of your pool investment by allowing you to enjoy the most comfortable water temperatures possible. Heaters and heat pumps allow you to start your swimming season early and extend it later into the year, and lengthen your swimming day. Deciding on a heat pump or gas heater will be based on each individual system and budget. Heat pumps initially cost more than gas heaters, but monthly energy costs are cut in half, so the savings can be significant in the long run. Other considerations that may affect your start-up cost can include any electrical work, gas line or tank hook-ups and installation. Choosing the right system for you can be detailed so please call and we will be happy to discuss your options with you.

## Heaters

Graduate to a higher degree of comfort with a Hayward gas heater for your pool or spa! Hayward has the natural gas or propane heater to fill your pool and spa needs, as well as your budget.

		Millivolt	Electronic*
<b>100K BTU</b>	-10,000 gal	<b>\$984.99</b>	
<b>150K BTU</b>	10,000-15,000 gal	<b>\$1447.00</b>	<b>\$1535.00</b>
<b>250K BTU</b>	15,000-25,000 gal	<b>\$1900.00</b>	<b>\$1999.00</b>
<b>350K BTU</b>	25,000-35,000 gal	<b>\$1977.00</b>	<b>\$2300.00</b>

**Please call for availability – some heaters have to be ordered.**

Pricing is the same for propane or natural gas – please specify.

\*Electronic ignition heaters require an electrician.

## Heat Pumps

The most energy efficient way to heat your pool- save up to 80% in operating costs! Compare to gas and electric units and you'll agree, heat pumps are the best value for the money. **All units are plus installation and require an electrician and base.**

# Romance is dead.

## So why not get a little closer tonight in your new spa.

Since the company's inception in 1976 L.A. Spas has been the innovator of many of the features you see on today's spas, it's quite clear they accomplished what they set out to do in the spa industry almost 3 decades ago. With L.A. Spas, you can configure your custom spa with as many options as you choose. We believe your investment should be **just the way you want it**. With the variety of standard and optional features available on every L.A. Spa, there are literally hundreds of possible spa configurations. Pick the options you want.

Then L.A. Spas will custom build the spa just for you!

### We Offer BIG Discounts on Stock Tubs!!

The time has come to transform your backyard into a relaxing spa environment. Your Maax Spas® hot tub has been engineered for hydrotherapy in a comfortable design for years of enjoyment. Performance Seating® and Zone Therapy® are just a few of the exclusive features you will discover as you enjoy the benefits of your new spa. There are many models available to personalize your experience and allow seamless integration into your backyard design. Whether taking time for yourself or connecting with loved ones, a Maax Spa is the hot tub of choice.

## Green Rewards and Recycling Program

We want to reward you for shopping with us and for helping to keep our planet healthy. We are proud to say that we are the first pool company in the state to launch a complete **Green Rewards and Recycling Program!**

### How do I sign up?

There is no purchase required to receive your Green Rewards Card; when you visit Rising Sun Pools you will receive a rewards card with your bar coded customer number on the back. We will use this on future visits to access your customer information easier as well. Our staff will ask you for, or verify, your email address for monthly notifications and may ask for more information if you are not already in our system.

### How do I earn Rewards?

When you initially sign up, or on any return visit, you may purchase one of 2 sized 100% recycled material reusable shopping bags with our logo and information on it. When you purchase your new bag you will receive 10 points. On each return visit where you make a purchase and use your bag you will receive 5 points. You will also receive points for bringing back your used plastic chemical containers for recycling – ours or our competitors! You will receive 2 points for each container you return to recycle. You may also earn points for the purchase of various eco-friendly items in our stores.

**Small Bag \$1.75 Large Bag \$2.50**

*After 2 return visits with your bag they pay for themselves!!*

### How do I redeem my points?

Well that couldn't be easier – we do it for you! Each point is worth \$.10 and at the end of each month a credit is automatically applied to your account for the amount you have earned that month. We will send you an email at the end of every month to alert you to your credit. We track all the rewards and you earn cash - it's that easy!

**Our recycling program is free of charge to all customers!  
It's our way of saying Thank you to you and the planet!**
