

## Rising Sun Pools Green Rewards and Recycling Program

We want to reward you for shopping with us and for helping to keep our planet healthy. We are proud to say that we are the first pool company in the state to launch a complete Green Rewards and Recycling Program!

### How do I sign up?

There is no purchase required to receive your Green Rewards Card; when you visit Rising Sun Pools you will receive a rewards card with your bar coded customer number on the back. We will use this on future visits to access your customer information easier as well. Our staff will ask you for, or verify, your email address for monthly notifications and may ask for more information if you are not already in our system.

### How do I earn Rewards?

When you initially sign up, or on any return visit, you may purchase one of 2 sized 100% recycled material reusable shopping bags with our logo and information on it. When you purchase your new bag you will receive 10 points. On each return visit where you make a purchase and use your bag you will receive 5 points. You will also receive points for bringing back your used plastic chemical containers for recycling – ours or our competitors! You will receive 5 points for each container you return to recycle. You may also earn points for the purchase of various eco-friendly items in our stores.

### How do I redeem my points?

That couldn't be easier – we do it for you! Each point is worth \$.10 and at the end of each month a credit is automatically applied to your account for the amount you have earned that month. We will send you an email at the end of every month to alert you to your credit. We track all the rewards and you earn cash -it's that easy!

Small Bag \$1.75

Large Bag \$2.50

After 2 return visits with your bag they pay for themselves!!

Some examples of these more eco-friendly products are mineral purification systems for pools and spas, salt generators, recycled glass media for sand filters and energy efficient heat pumps and pool pumps.

Please visit our recently updated website for a NEW customer corner, complete with all of the instruction, maintenance and operational sheets, a NEW staff page so you can find out more information about your favorite Rising Sun Staff Member and an updated list of events for the year. Our new GREEN section is easy to find right from the home page so you can check out more details on our rewards program and get more information on our “Green Products”.

Check out items in our catalog with the Green Symbol  for eco-friendly and energy efficient pool and spa options. You will receive points for purchases of these items. Please feel free to ask a sales associate about any questions you may have about these items.

And go ahead, ***ASK US WHY A GREEN POOL IS COOL!***
